OFFICIAL

FEHB PREMIUM CONVERSION: Now that we all know what "premium conversion" is and almost **99%** of us chose to participate, I wanted to remind you that the **FEHB Open Season** (November 13 to December 11, 2000) is the only opportunity you have to make an election change (other than having a "life event.") If you chose not to participate in the Premium Conversion during the initial election period in October and want to participate with the next tax year—you **must** make this election during the **FEHB Open Season** between November 13 and December 11! Election/Waiver forms (KSC Form 13-294) are available at KSC Electronic forms. An **Employee Services Office** table will be set-up at the "Fair" on November 15. At this site, we will have Premium Conversion Forms available for those who want to make a change, Employee Express and TSP information. (BA-B)

FEDERAL EMPLOYEE HEALTH OPEN SEASON: The open-enrollment period this year is from November 13 to December 11. If you do nothing, your coverage will continue in your current plans. If you do switch plans, you must enroll during **Open Season**. Coverage will be effective January 14, 2001. You can not be turned down or denied benefits because of any preexisting health conditions, including pregnancy, heart condition, etc. (BA-B)

FEHB GUIDES AND RATES The health premiums will be going up—yes, again. The **2001 FEHB Guide** with rates is available on-line at www.opm.gov/insure <<http://www.opm.gov/insure>>. Click on the green "FEHB" box on the left. On the next page, click on the words "rates tables" in the little blue box on the right. Make sure you review the **NON-POSTAL RATES!** Because a very few Guides will be distributed in hard copy by OPM, we recommend you utilize the website for information. (BA-B)

NUTRITION TIP OF THE WEEK—FROM THE KSC FITNESS CENTERS: When someone is a Registered Dietitian (RD), it tells you three things:

1. The educational background of the individual meets requirements set up by the Commission on Dietetic Registration. A minimum of a bachelor's degree, a year-long internship or a Master's degree, as well as passage of a national examination are all required.
2. Once a person is certified as a RD they must obtain continuing education that is approved by the American Dietetic Association.
3. A RD can help you with nutrition education that is based on scientific facts.

When you need help with your eating plan, whether it's to lose weight, control food allergies or health problems, or just to learn what your body needs, a RD can help develop an eating plan suitable for you. A RD can also help you set nutritional goals. If you want help finding a RD in your area, call the **American Dietetic Association** hotline at **800-366-1655** between the hours of 10 a.m. and 5 p.m., eastern time. (TA-C2)
